

## FIRST AID POLICY

### Help for non-English speakers

If you need help to understand the information in this policy please contact the school at the General Office.

### PURPOSE

To ensure the school community understands our school's approach to first aid for students.

### CONTEXT STATEMENT

Yarrabing Secondary College was established in 2024 and is located approximately 35 kilometres west of Melbourne. When fully established, the school will have 1200 students enrolled from Grade 7 to 12 and 130 school staff members including Wellbeing staff.

Our school grounds are very close to native bushland, and we are surrounded by a supportive community. Nearly all students that attend our school live locally and tend to walk or ride their bike to school. Yarrabing Secondary College has developed close ties to the local community and enjoys support from our local shops and community services.

Our school is culturally diverse with 60% of students having a language background other than English (LOTE) spoken in the family home, with the largest LOTE languages being Hindi and Punjabi. The school also has very small representation from the Koorie community. We are proud of our diversity and inclusive school community.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

### SCOPE

First aid for anaphylaxis and asthma provided for in our school's:

- Anaphylaxis Policy
- Asthma Policy
- This policy does not include information on first aid requirements for COVID-19. Our school follows the Department's operational guidance for first aid management relating to COVID-19.

### POLICY

From time to time Yarrabing Secondary College staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

## **Staffing**

The Principal will ensure that Yarrabing Secondary College has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Our school's trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training. This list is reviewed on an annual basis as part of the annual review of our Emergency Management Plan by our Business Manager.

## **First aid kits**

Yarrabing Secondary College will maintain:

- A major first aid kit which will be stored the First Aid Room.
- 6 portable first aid kits which may be used for excursions, camps, or yard duty. The portable first aid kits will also be stored the First Aid Room

The First Aid Officer will be responsible for maintaining all first aid kits, ensuring they are managed in accordance with the Department's policy and guidance on first aid kits – refer to [First aid kits](#).

## **Care for ill students**

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to the First Aide Room and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

### First aid room

Our school follows the Department's policy and guidance in relation to our first aid room to ensure it is safe, hygienic and appropriately equipped: [First aid rooms and sick bays](#).

## **First aid management**

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero "000" for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Yarrabing Secondary College will notify parents/carers by sending a note home by email or phone call.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment is administered to a student resulting from a student incident, injury or illness, Yarrabing Secondary College will:
  - record the provision of first aid treatment on Compass.
  - if care was provided in response to a medical emergency or reportable incident, follow the Department's [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department's Incident Support and Operations Centre on 1800 126 126 where required to under that policy.

In accordance with Department of Education policy, analgesics, including paracetamol and aspirin, will not be stored at school or provided as standard first aid treatments. This is because they can mask signs of serious illness or injury. For further information refer to the Department's Policy and Advisory Library: [Medication](#)

## COMMUNICATION

This policy will be communicated to our school community in the following ways:

- available publicly on our school's website
- included in staff induction processes and staff training
- included in staff handbook/manual
- discussed at staff briefings/meetings as required
- reminders in our school newsletter
- hard copy available from General Office upon request.
